

To the Honorable Council
City of Norfolk, Virginia

February 11, 2014

From: George M. Homewood, AICP, CFM
Acting Planning Director

Subject: The following applications on properties located at 2000 Church Street and 1816-1824 O'Keefe Street – Church Street Station:

- a. Amend Map LU-1, "Future Land Use Map," in *plaNorfolk2030* from Industrial, Single Family Urban and Utility/Transportation to Multifamily.
- b. Amend the *Zoning Ordinance* to add section 27-38, "Church Street Station Residential Planned Development" (PD-R Church Street Station) district.
- c. Rezoning from I-2 (Light Industrial), R-11 (Moderate Density Multi-Family) and RCO (Residential Compatibility Overlay) districts to PD-R Church Street Station district.

Reviewed: Ronald H. Williams, Jr., Assistant City Manager

Ward/Superward: 4/7

Approved:

Marcus D. Jones, City Manager

Item Number:

PH-3

- I. **Recommendations:** Staff Recommends approval, based on the need for Supportive Housing and the proposal meeting locational guidelines set out in *plaNorfolk2030*.
 - By a vote of **1 to 6**, the Planning Commission recommended that the requests for a Future Land Use Map Amendment, Zoning Text Amendment and Rezoning be **denied**.
 - Majority voted for denial based on neighborhood concerns, traffic volumes to be added to O'Keefe Street and potential for concentration of poverty.
 - Minority voted for approval based on staff recommendation of approval.
- II. **Applicant:** Church Street Station by Luna Development and Virginia Supportive Housing
- III. **Description** This request would allow Luna Development and Virginia Supportive Housing to develop the site with an 81-unit supportive housing (studio units) and an 80-unit (one, two and three-bedroom) apartment complex.

IV. Analysis

This 4.2 acre site is located on the east side of Church Street directly south of the Norfolk Southern railroad tracks, within the Olde Huntersville neighborhood.

Plan Analysis

- *plaNorfolk2030* designates the western portion of this site as Industrial, a small portion in the center of the site as Utility/Transportation, and the eastern portion of the site as Single Family Urban, making the proposed use inconsistent with *plaNorfolk2030*.
 - An amendment to Multifamily is necessary for the proposed use to be consistent with *plaNorfolk2030*.
- The Identifying Land Use Strategies chapter of *plaNorfolk2030* states that potential changes of land use to the Multifamily category should meet each of three criteria:
 - The site must be within ¼ mile of an arterial road or a bus route, or must be within a Transit Supportive Area.
 - The site must be currently developed with multifamily housing or must be adjacent to a Multifamily, Downtown, Industrial, Office, or Commercial land use.
 - The site must be able to accommodate the open space, parking, buffering, and stormwater facilities required by the *Zoning Ordinance*.
- The Housing Choices chapter of *plaNorfolk2030* includes an action discouraging concentrations of poverty.
 - Census Tract 35.01, which includes the Huntersville neighborhood, is defined as having concentrations of both low income households and affordable housing.
- The Housing Choices chapter also includes a goal calling for ensuring that the needs of the special needs populations are met, which includes several actions relating to special needs housing:
 - Locations for special needs housing should be near public transportation, shopping, and city facilities.
 - A full continuum of housing should be provided to assist the homeless, including emergency shelters, transitional housing, and permanent housing.
- While this site is located within a Census Tract with concentrated poverty, there is an identified need for housing for special needs populations within the City.
 - Since this site meets the locational criteria established in *plaNorfolk2030* for new multifamily housing and it will provide needed facilities for the City's special needs population, amending *plaNorfolk2030* to Multifamily is appropriate despite its location within a concentrated Census Tract.
- Ultimately, it may be appropriate for the entire area south of the Norfolk Southern rail lines on both sides of Church Street to transition to a more residential and residentially-supportive commercial character.
 - This project may pioneer that transition.

Zoning Analysis

Plan Amendment – Future Land Use Map

- If the "Future Land Use Map" amendment is approved, the request would be consistent with *plaNorfolk2030*.

Site Analysis

- The site is split into two triangular sections; however, they are both proposed to be rezoned and utilized as a single contiguous residential planned development.
- The two sections have different existing conditions.
 - The western portion:
 - Currently zoned I-2 (Light Industrial).
 - Historically been utilized for industrial purposes.
 - The eastern portion:
 - Currently zoned R-11 (Moderate Density Multi-Family) with the RCO (Residential Compatibility Overlay) district.
 - Site has remained vacant for decades.
- The adjacent properties to the south are zoned I-2, R-11 and R-8 (Single-Family) districts.
 - The properties zoned I-2 are still being utilized for industrial purposes, which are directly adjacent to single-family homes on C Avenue.
 - The properties zoned R-11 to the south are being utilized for multi-family housing.
- Properties to the north, northeast and west are zoned I-2 and OSP (Open Space Preservation) districts, and are separated from the site by Church Street and the Norfolk Southern railroad tracks.
- Residential development as proposed in the planned development would serve as an appropriate buffer to the nearby single-family homes.
 - The residential planned development would provide quality housing options instead of concentrating industrial activity near the neighborhood's borders.
 - The proposed planned development may trigger a gradual transition to a more residentially-supportive development character south of the rail lines on both sides of Church Street.
- The proposed conceptual site plan shows that all requirements of the proposed planned development text can be met.
 - The site development will be reviewed through the Site Plan Review process.

Zoning Text Amendment

- The request is to create the Church Street Station Residential Planned Development.
- The text, in addition to the conceptual site plan, establishes the development standards within this Planned Development.
- The District proposes:
 - 80 units of Supportive Housing (SRO studio units) + 1 studio unit for an over-night manager.
 - Parking for the Supportive Housing will be provided at 0.5 spaces per unit.
 - 80 multi-family units (one, two and three-bedroom).
 - Parking for the Multi-Family units will be provided at 1.5 spaces per unit.

Change of Zoning

- If the plan amendment and text amendment are approved, the Rezoning request would be consistent with *plaNorfolk2030* and *Zoning Ordinance* requirements.

Traffic Analysis

- Institute of Transportation Engineers estimate that this development will generate 706 new vehicle trips per day.
- No vehicles will have access to the site through the Olde Huntersville neighborhood and all of the supportive housing units and multi-family units will only have direct access along Church Street.
- The site is near transit services with the Route 4 bus, operating along Church Street just south of the site.

V. Financial Impact

Development of a currently vacant site will increase the assessed value while providing a corresponding increase in real estate taxes.

VI. Environmental

- Development of the site will have to be approved through the Site Plan Review process including provision of landscaping and stormwater facilities.
 - This includes compliance with all environmental and stormwater regulations.
 - The proposed development maintains 21% useable open space on the site.
- Vehicular access to the site will only be from Church Street.
- Currently the properties are owned by the City of Norfolk and any new construction or improvements would be required to obtain approval through the Design Review process.
- A letter of opposition was received from the Olde Huntersville Civic League.
- A petition was provided in opposition to the proposal.

VII. Community Outreach/Notification

- Legal notice was posted on the property on November 12.
- Letters were sent to the Olde Huntersville Civic League, Huntersquare Advisory Council, and the Attucks/Barberton/Church Street neighborhood association on November 22.
- Letters were mailed to all property owners within 300 feet of the property on December 5.
- Notice was sent to the civic leagues by the Department of Communications on December 5.
- Legal notification was placed in *The Virginian-Pilot* on December 5 and 12.
- The Planning Commission Public Hearing was held on December 19, 2013.
- Public notification for this agenda item was conducted through the City of Norfolk's agenda notification process.

VIII. Coordination/Outreach

This report has been coordinated with the Department of Planning and Community Development, Department of Communications and Technology, the Bureau of Community Enrichment, The Office to End Homelessness, the Department of Economic Development, Virginia Supportive Housing, and the City Attorney's Office.

NORFOLK, VIRGINIA

ORDINANCE No.

PA 3
AN ORDINANCE TO AMEND THE CITY'S GENERAL PLAN, PLANORFOLK2030, SO AS TO CHANGE THE LAND USE DESIGNATION FOR PROPERTIES LOCATED AT 2000 CHURCH STREET AND 1816 TO 1824 O'KEEFE STREET FROM INDUSTRIAL, SINGLE FAMILY URBAN, AND UTILITY/TRANSPORTATION TO MULTIFAMILY.

- - -

BE IT ORDAINED by the Council of the City of Norfolk:

Section 1:- That the land use designation set forth in the City's general plan, plaNorfolk2030, for the properties located at 2000 Church Street and 1816 to 1824 O'Keefe Street are hereby changed from Industrial, Single Family Urban, and Utility/Transportation to Multifamily. The properties which are the subject of this change in land use designation are more fully described as follows:

Properties fronting 345 feet, more or less, along the eastern line of Church Street, beginning 400 feet, more or less, from the northern line of C Avenue, and extending northwardly, and property fronting 175 more or less, along the eastern line of O'Keefe Street, beginning 200 feet, more or less, from the northern line of C Avenue, and extending northwardly; premises numbered 2000 Church Street and 1816 to 1824 O'Keefe Street.

Section 2:- That this ordinance shall be in effect from the date of its adoption.

ORDINANCE No.

747 3A
AN ORDINANCE TO AMEND CHAPTER 27 OF THE ZONING ORDINANCE OF THE CITY OF NORFOLK, 1992, SO AS TO CREATE THE CHURCH STREET STATION RESIDENTIAL PLANNED DEVELOPMENT DISTRICT (PD-R CHURCH STREET STATION).

- - -

BE IT ORDAINED by the Council of the City of Norfolk:

Section 1:- That Chapter 27 of the Zoning Ordinance of the City of Norfolk, 1992 (as amended) is hereby amended and reordained by adding thereto a new enumerated section, including subsections, entitled "Church Street Station Residential Planned Development District (PD-R Church Street Station)" and containing text and a table as set forth in "Exhibit A," attached hereto.

Section 2:- That this ordinance shall be in effect from the date of its adoption.

ATTACHMENT:

Exhibit A (3 pages)

Exhibit A

27-38 Church Street Station Residential Planned Development (PD-R Church Street Station).

- 27-38.1 *Purpose statement.* The Church Street Station Residential Planned Development District is intended to provide for the development of a residential community containing a mixture of 81 units for single-room occupancy supportive housing, including associated spaces, and 80 traditional multi-family dwelling units. The development sites includes approximately four (4) acres of land.
- 27-38.2 *Land uses.* Uses in the district shall be permitted by right or by special exception as specified in Table 27-38-A – Table of Land Uses and shall be restricted to the uses listed therein.
- 27-38.3 *Maximum density.* The district permits the development of not more than 161 residential dwelling units.
- 27-38.4 *Maximum building height.* The maximum building height shall be 75 feet.
- 27-38.5 *Parking requirements.* All parking shall comply with the provisions of chapter 15 of this ordinance, subject to the following modifications:
- (a) Not less than 0.5 off-street parking spaces per unit shall be provided for the supportive housing dwelling units.
 - (b) Not less than 1.5 off-street parking spaces per unit shall be provided for the multi-family housing dwelling units.
- 27-38.6 *Open space.* Not less than twenty percent (20%) of the area of the land located within the development shall be useable open space. For purposes of this provision, areas improved by sidewalks, trails, plazas, and other amenity structures shall be treated as usable open space.
- 27-38.7 *Yard requirements.* The following minimum yards are required:
- (a) All structures shall be set back a minimum of five (5) feet from the property lines abutting the railroad.
 - (b) All structures shall be set back a minimum of ten (10) feet from all property lines abutting a residential or commercial zoning district.
 - (c) No minimum setback for buildings is required along Church Street or O'Keefe Street.

27-38.8 *Location, massing and design of buildings.*

- (a) The general site layout and massing of the buildings shall be substantially consistent with the exhibit titled "Church Street Planned Development - Conceptual Site Plan" dated November 27, 2013, prepared by VIA design architects, P.C., and on file with the Department of Planning, subject to such reasonable modifications as may be required by the City for final site development or site plan approval.
- (b) All buildings constructed in the district must be reviewed and approved in accordance with the city's design review process prior to issuance of any building permit.

27-38.9 *Landscaping.* All landscaping shall comply with the provisions of chapter 17 of this ordinance, subject to such reasonable modifications as may be required by the city in order to comply landscaping features defined in the exhibit titled "Church Street Planned Development - Conceptual Site Plan" dated November 27, 2013, prepared by VIA design architects, P.C., and on file with the Department of Planning.

ORDINANCE No.

PH 3B
AN ORDINANCE TO REZONE PROPERTIES LOCATED AT 2000 CHURCH STREET AND 1816 TO 1824 O'KEEFE STREET FROM I-2 (LIGHT INDUSTRIAL), R-11 (MULTI-FAMILY RESIDENTIAL), AND RCO (RESIDENTIAL COMPATIBILITY OVERLAY) DISTRICTS TO PD-R CHURCH STREET STATION (CHURCH STREET STATION RESIDENTIAL PLANNED DEVELOPMENT DISTRICT).

- - -

BE IT ORDAINED by the Council of the City of Norfolk:

Section 1:- That the properties located at 2000 Church Street and 1816 to 1824 O'Keefe Street are hereby rezoned from I-2 (Light Industrial), R-11 (Multi-family Residential), and RCO (Residential Compatibility Overlay) Districts to PD-R Church Street Station (Church Street Station Residential Planned Development District). The properties which are the subject of this rezoning are more fully described as follow:

Properties fronting 345 feet, more or less, along the eastern line of Church Street, beginning 400 feet, more or less, from the northern line of C Avenue, and extending northwardly, and property fronting 175 more or less, along the eastern line of O'Keefe Street, beginning 200 feet, more or less, from the northern line of C Avenue, and extending northwardly; premises numbered 2000 Church Street and 1816 to 1824 O'Keefe Street.

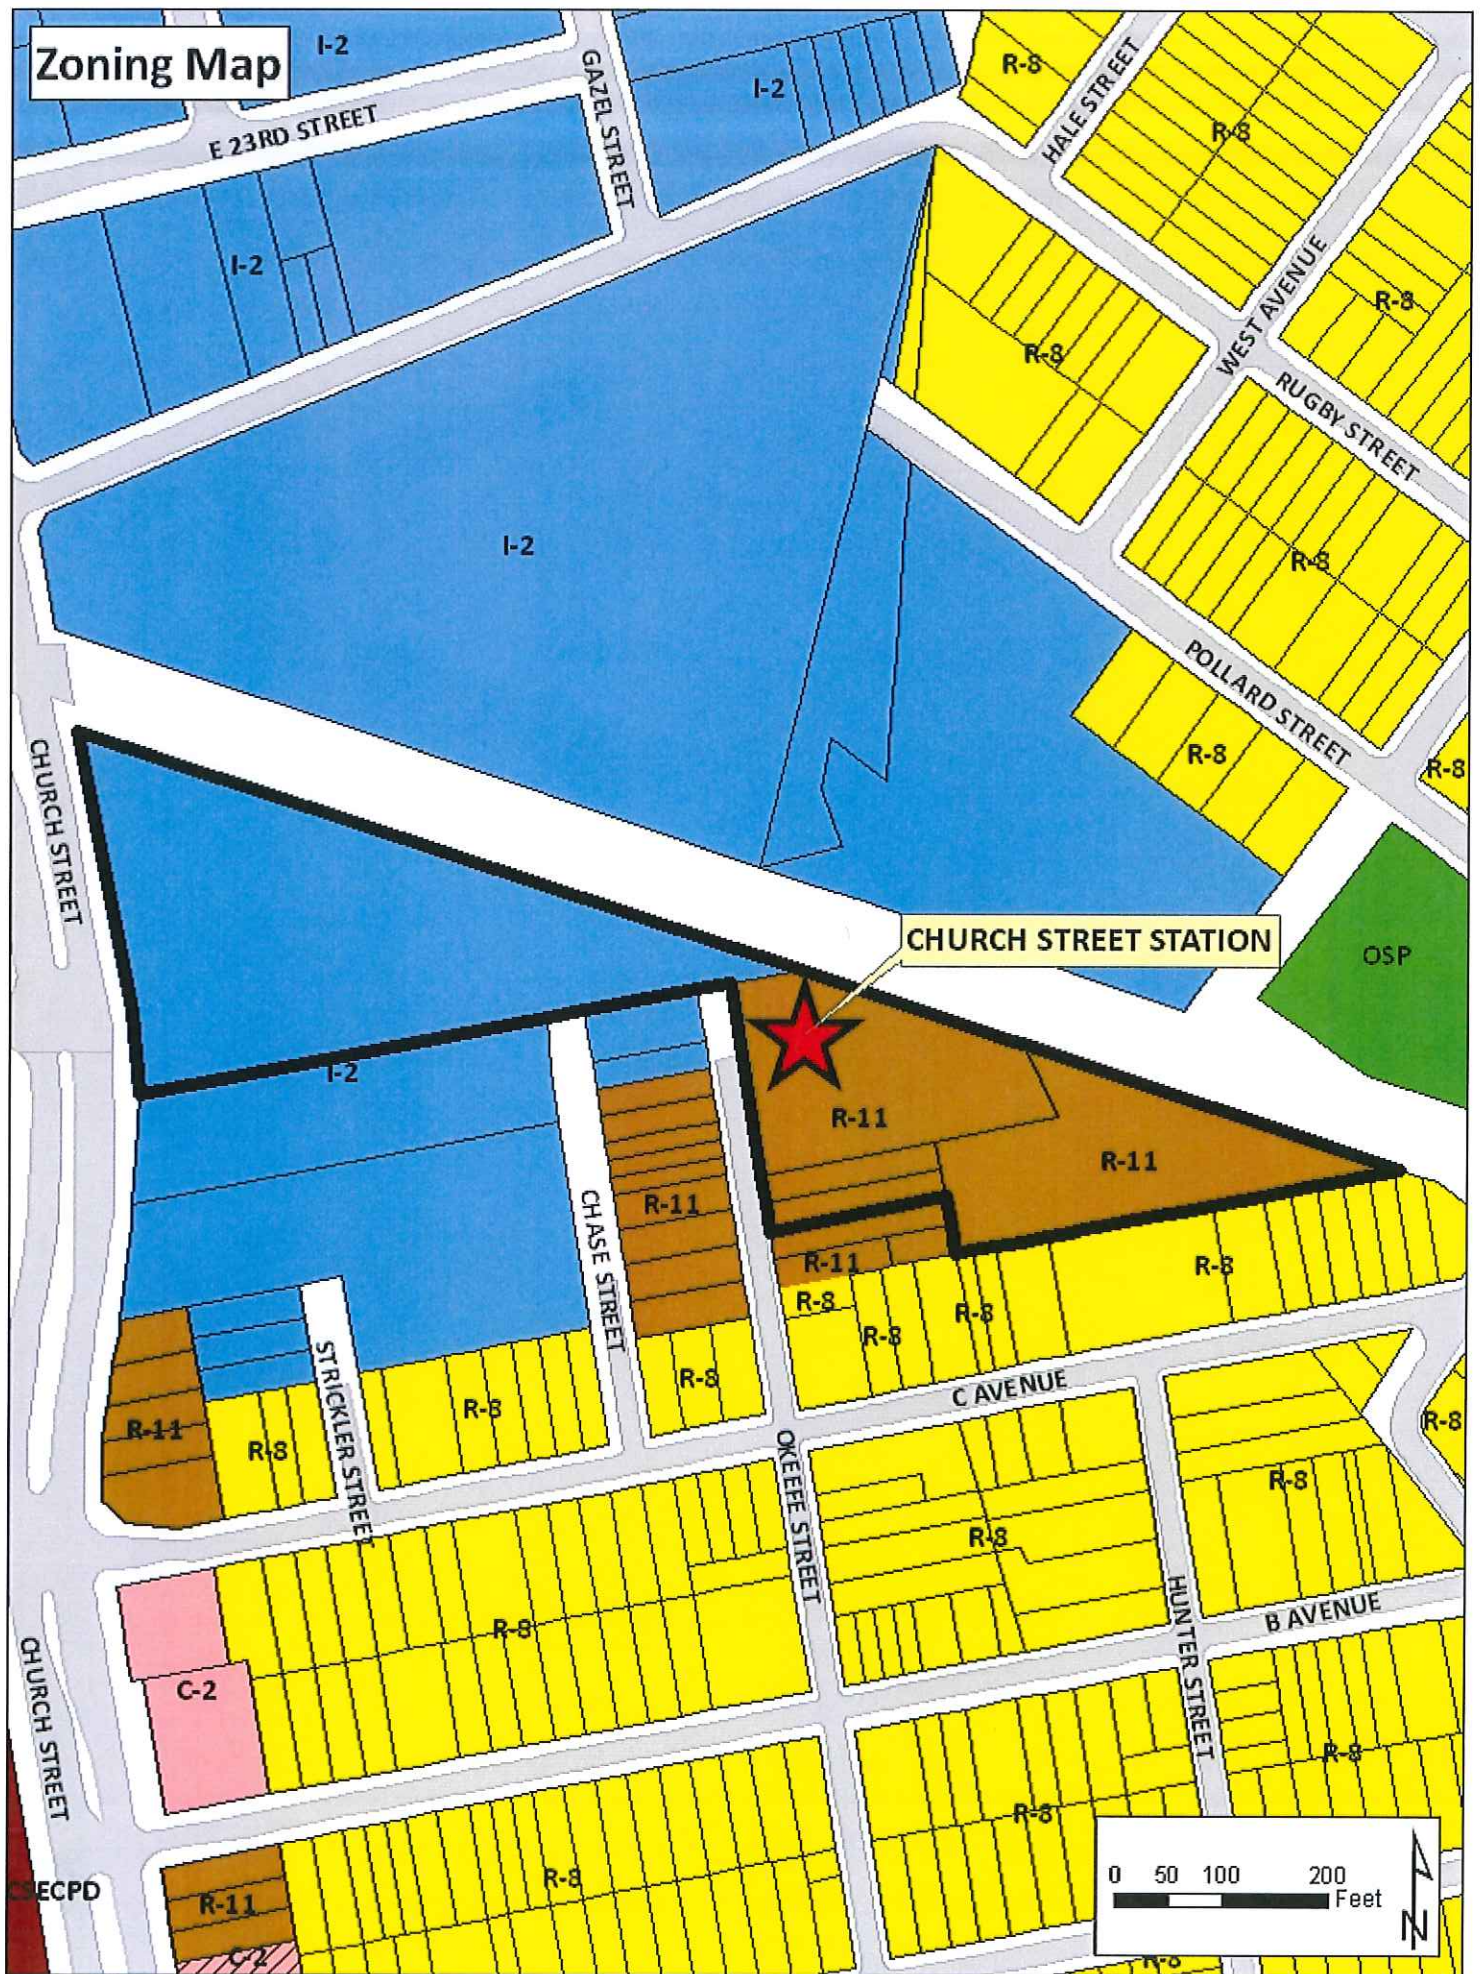

Section 2:- That the official Zoning Map for the City of Norfolk is hereby amended and reordained so as to reflect this rezoning.

Section 3:- That this ordinance shall be in effect from the date of its adoption.

November 22, 2013

Terrance Simmons
President, Olde Huntersville Civic League
735 Fremont Street
Norfolk, VA 23504

Dear Mr. Simmons,

The Planning Department has received the following applications:

- a. Amend Map LU-1, "Future Land Use Map," in *plaNorfolk2030* from Industrial, Single Family Urban and Utility/Transportation to Multifamily.
- b. Amend the *Zoning Ordinance* section 3-1 "Districts," and to add section 27-38, "Church Street Station Residential Planned Development" (PD-R Church Street Station) district.
- c. Rezoning from I-2 (Light Industrial) to PD-R Church Street Station.

These items are tentatively scheduled for the December 19, 2013 City Planning Commission public hearing.

Summary

This request would allow Luna Development and Virginia Supportive Housing to develop the site with an 81-unit supportive housing (studio units) and an 80-unit (one, two and three-bedroom) apartment complex.

If you would like additional information on the request, you may contact the developer, Michael Glenn at (757) 416-5862, or the supportive housing executive director, Allison Bogdanovic at (804) 836-1052; or you may telephone Matthew Simons at (757) 664-4750. A copy of the application is enclosed.

Sincerely,

A handwritten signature in black ink, appearing to read "G. Homewood", followed by a horizontal line.

OLDE HUNTERSVILLE CIVIC LEAGUE

Post Office Box 7831
Norfolk, VA 23504

City of Norfolk
Planning Commission
810 Union Street
Norfolk, VA 23510

December 18, 2013

Planning Commission:

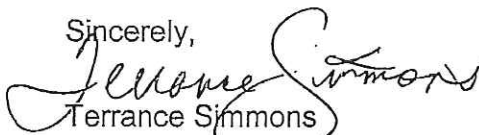

On behalf of the residents of Olde Huntersville, the Olde Huntersville Civic League would like to say thank you for the visits from members of the Planning Department. We are glad to know you are interested in the economic development and well-being of our community.

The Olde Huntersville citizens held discussions, and circulated a petition against the proposed development, to be located at Church Street and 20th Street running back to O'Keefe Street. The proposal by Luna Development and Virginia Supports Housing deeply concerns our citizens and we find the proposal undesirable.

Several factors, including our vision moving our community forward towards our goal of choice neighborhood with the component of increase market values of our single family homes and townhouses. That is believed to be at jeopardy from this type of development here. The ratio of home-ownership versus rental units would be seriously impacted in a negative way. We want to increase home-ownership in the neighborhood and decrease or limit the large imbalance of rental units.

Area streets are narrow and crowded already, many of the resides only have off street parking. Developing rental units in this area is a serious traffic safety concern. The resides close to and around that location will be immediately affected. It is safe to say cramming is possible, but some things or lives certainly will get affected.

Sincerely,

Terrance Simmons
Olde Huntersville Civic League
President
